JUN 17 2015

Jennifer Kelley, Manager, Contracts and Compliance
 Natomas Basin Conservancy
 2150 River Plaza Drive, Suite 460
 Sacramento, CA 95833

Dear Ms. Kelley:

APPLICATION FOR NATOMAS BASIN CONSERVANCY REQUESTING TO HOLD AND MANAGE MITIGATION LANDS.

On January 16, 2015, the North Central Region of California Department of Fish and Wildlife (CDFW) received your application to hold and manage mitigation lands. Pursuant to Government Code section 65967, CDFW has exercised our required due diligence process in reviewing your application and supporting documentation, and we are pleased to inform you that your request to hold and manage mitigation lands within the North Central Region is hereby approved. Please keep this letter of approval until its expiration on June 4, 2020.

If you would like to renew your current approval status, we encourage you to contact CDFW six months prior to June 4, 2020. When renewing, you will be required to submit application sections: A, B, C, and J. Application sections D, E, I, and K, are required only if any information has changed since the approval date. Application sections F, G, and H are not required for renewal.

Please provide a copy of this letter to any project proponent that wishes to seek CDFW approval for your organization to hold and manage mitigation lands as a condition of any permit requiring the transfer interest in real property to mitigate the impact that the project will have on fish and wildlife resources. If you have any questions please contact Alexandria (Ali) Dunn at (916) 358-1374 or by email at alexandria.dunn@wildlife.ca.gov.

Sincerely,

Tina Bartlett
 Regional Manager
 Department of Fish and Wildlife
 North Central Region

Armand Gonzales
 Acting Branch Chief
 Department of Fish and Wildlife
 Habitat Conservation Planning Branch
