

**REQUEST FOR PROPOSALS
FOR
AUDIT SERVICES
FISCAL YEARS 2015 – 2019**

INTRODUCTION

The Natomas Basin Conservancy (the “**Conservancy**”) is seeking proposals from qualified accountants to perform auditing services. The purpose of this Request for Proposal (**RFP**) is to obtain the services of a public accounting firm (herein referred to as “**Audit Firm**”), whose principal officers are independent Certified Public Accountants and who are licensed by the California State Board of Accountancy to perform a financial audit of the financial statements of The Natomas Basin Conservancy for fiscal years 2015-2019.

I. DESCRIPTION OF ENTITY

a. BACKGROUND INFORMATION

The Conservancy is a tax-exempt private foundation under section 501(c)(3) of the Internal Revenue Code and is incorporated as a California Non-profit Public Benefit Corporation.

As plan operator for the Natomas Basin Habitat Conservation Plan (NBHCP) and the Metro Air Park Habitat Conservation Plan (MAPHCP), collectively referred to as (the “**Plans**”), the Conservancy acquires and manages land for the purpose of meeting the objectives of the Plans.

The mission of the Conservancy is to promote biological conservation along with economic development and the continuation of agriculture in the Natomas Basin. The Plans establish a multi-species conservation program to mitigate the expected loss of habitat values and “take” of protected species that would result from urban development, operation of irrigation and drainage systems, and rice farming. The goal of the Plans is to preserve, restore and enhance habitat values in the Natomas Basin while allowing urban development to proceed according to local land use plans.

b. FUND STRUCTURE

The Conservancy uses the following funds in its financial reporting: Administration Fund, Land Acquisition Fund, Restoration & Enhancement Fund, Supplemental Land Fund, Endowment Fund, and SAFCA NLIP Fund.

In keeping with the requirements of the Plans, the Conservancy’s financial operations are guided in large part by the “NBHCP Finance Model,” which is recalculated each year by a consulting economist on behalf of the Conservancy. The NBHCP Finance Model determines the total NBHCP fee for that year and it breaks down what portion of that fee will be placed into each fund, not including the SAFCA NLIP Fund, as this is supplemental to the Plans.

c. ACCOUNTING STRUCTURE

The Conservancy uses a calendar fiscal year (January 1 – December 31) and operates under the Governmental Accounting Standards Board (GASB) 34 guidelines.

II. FINANCIAL STATUS AND OPERATIONS

The Conservancy receives funding from NBHCP fees and various supplemental non-NBHCP project funds. Presently, the Conservancy has seven financial accounts including the main

checking account, which is used to disburse all general expenses of the organization. Checks from the main checking account are disbursed on a weekly or as-needed basis.

III. SCOPE OF WORK

In accordance with Government Auditing Standards the selected Audit Firm shall perform:

- A financial audit to determine whether the financial statements of the Conservancy fairly present its financial position and that the results of its financial operations are in accordance with generally accepted accounting principles of the United States of America;
- A compliance audit of internal financial controls over the Conservancy's financial reporting; and
- OPTIONAL: An agreed-upon procedures report of the Conservancy's financial investments as they relate to the Conservancy's investment policies. (As this report may not be performed every year it should be priced separately, see Section VIII – Proposal Instructions.)

An exit conference with Conservancy representatives and the selected Audit Firm's representatives will be held at the conclusion of fieldwork. Observations and recommendations must be summarized and discussed with the Conservancy's Audit Committee and, at the discretion of the Conservancy's Board of Directors. It should include internal control and program compliance observations and recommendations.

The Conservancy requires one bound copy and one electronic copy in PDF format of the final comprehensive audit report.

IV. IRREGULARITIES AND ILLEGAL ACTS

The selected Audit Firm shall be required to make an immediate, written report of all irregularities and illegal acts or indications of illegal acts of which they become aware and contact the Conservancy's Audit Committee.

V. SUBCONTRACTING

If subcontracting is contemplated, this should be discussed in the RFP proposal response. No additional subcontracting will be allowed without prior written consent of the Conservancy.

VI. WORKING PAPERS: RETENTION, ACCESS AND SECURITY

All working papers and reports must be retained, at the Audit Firm's expense, for a minimum of five (5) years, unless the firm notifies the Conservancy in writing of the need to extend the retention period. The Audit Firm will be required to make working papers available, upon request.

The selected Audit Firm shall respond to the reasonable inquiries of successor auditors and allow successor auditors to review working papers relating to matters of continuing accounting significance.

As the auditing industry is moving more toward paperless auditing, the Audit Firm will provide the Conservancy with reasonable assurance that its information technology security is adequate.
