Subject: Well Flow Meters  
Date: February 19, 2015 at 3:58 PM  
To: John Roberts jroberts@natomasbasin.org

---

Hello John,

Here is an updated estimate for the installation of flowmeters at several of your well sites. Attached is the quote for materials needed. Labor and equipment are Natomas costs and will be billed at cost. We will have two laborers, a truck with welder and torches, and a backhoe to use as a crane. Once you are comfortable with moving ahead on this project we can schedule time to review activities in the field, put together a schedule and order materials. The flowmeters are the only item not in stock. The total price is a not to exceed price.

Thanks,

Brett Gray
