February 25, 2015

Dear Members of the Natomas Basin Conservancy Board:

Zayo Group is a nationwide communications company with over 82,000 route miles of network across 46 states. Zayo is currently expanding its network in Northern California. Zayo's project passes through Sutter County and the areas surrounding the conservancy, including Sankey Road. We are aware of the sensitive nature of the wetlands environment and species in the area and, for that reason, engaged PMC Worldwide as our expert biological and environmental consulting firm.

I am writing to request presentation time at your next board meeting, March 4, 2015, to familiarize the Natomas Basin Conservancy with this project and to address any questions or concerns that may have arisen from our work in the Sankey Road vicinity. Zayo strives to be an outstanding community partner and we look forward to meeting with the Board.

Thank you for your consideration.

Sincerely,

Daniel Enright

Senior Vice President, Outside Plant Operations

Zayo Group
