

Timeline for Biological Monitoring
Request for Proposals (RFP)

<u>Board meeting</u>	<u>Action planned</u>
April	Introduction of planned process to the Board. Candidate (unvetted) RFP invitation list.
June	Board introduced to the draft RFP. Discuss circulation by invitation and posting of notice on Conservancy website homepage. Staff contacts invited respondents based on Board review. RFP will adhere to the BEMP Program Document which directs the Covered Species monitoring and which has been approved by the Wildlife Agencies or NBHCP TAC.
August	Board is asked to authorize release of RFP with responses requested by mid-September.
October	Board awards biological monitoring contract for the years beginning January 1, 2025. A secondary selection is made in the event contract negotiations fail with the primary selected awardee.
